Attn: Centurion Training Group Instructors & Staff

As chief deputy for the Creek County Sheriff's Office in Sapulpa, Oklahoma, I want to express my appreciation for the valuable training your tracking school has provided to some of our deputies.

I am a former DEA Task Force Officer and a past member of the DEA/Oklahoma Bureau of Narcotics - Marihuana Eradication Team. During that time I was taught this particular skill. Having been involved in numerous manhunts during my law enforcement career, I understand the extreme importance of having the proper skills for tracking a suspect under all conditions and terrain.

Your tracking school is as good as it gets and I plan to send as many of our deputies as possible in the future.

Professional Regards,

Michael A. O'Keefe, Chief Deputy
